

ECLIPSE
CAMP SOLUTIONS

January 15, 2021

Ms. Marjorie Kaviq Kaluraq
Chairperson - Nunavut Impact Review Board
info@nirb.ca

Dear Madame Chair,

Respectfully, I am writing to you today on behalf of **Eclipse Camp Solutions** in support of the Baffinland Iron Mine (BIM) Mary River Phase 2 Project proposal.

Eclipse Camp Solutions, (ECS), is 60% owned by four of the North Baffin Community Coops, (Pond Inlet, Arctic Bay, Igloolik and Sanirajak), and as such, the economic benefits of our ECS partnership radiate out to virtually every family in the four Hamlets.

Approval of the Phase 2 expansion will result in continued contracts for ECS in the turnkey operations of four camps which translates to ECS looking after over 700 BIM workers and contractors in those camps. Our services include supply of camps and ancillary support equipment and the management and execution of hospitality services, (food services, housekeeping and janitorial), as well as maintenance and utilities, (potable water treatment, wastewater treatment and solid waste management). Our operations will employ over 100 people of which more than 60% will be Nunavummiut and thus, providing careers for several generations of Qikiqtani Inuit and injecting over \$4,000,000 yearly into this economy in wages and enhanced patronage dividends.

ECS provides meaningful employment, career advancement and wealth creation for Nunavummiut but we need a customer with a project in order to exist. We believe in Baffinland's commitment to the stewardship of our environment; "employing a balance of scientific and Inuit knowledge known as Inuit Qaujimajatuqangit (IQ)" and we believe in Baffinland's social commitment to the North Baffin communities; "collaborating with Inuit to deliver long-term benefits". The estimated life-of-mine for the Mary River project is more than 50-years and the employment opportunities can be transformational and multi-generational for the communities of our region. We have confidence that QIA has negotiated a fair and reasonable Inuit Impact Benefits Agreement (IIBA) and the subsequent Inuit Certainty Agreement (ICA) and encourage you that now is the time for all of us to endorse this project for the long-term security of our people and our communities.

On behalf of Inuit who work for Eclipse Camp Solutions and our Directors, I strongly support Baffinland's Mary River Phase 2 Project proposal and encourage the Nunavut Impact Review Board to recommend this application for approval.

Sincerely,

Warren Murray
President, Eclipse Camp Solutions Inc.
