**Attention: Nunavut Impact Review Board of Directors**

To who it may concern:

**Re: Baffinland Phase II Hearings**

Summit Air Baffin Ltd. (SABL) is a partnership between several key stakeholders from the Baffin region and the Summit Aviation Group – comprised of sister companies Summit Air and Summit Helicopters. SABL is a 51% Inuit-owned, NTI registered, and Designated Baffin Inuit Firm that provides customized fixed-wing and rotary-wing aviation solutions throughout the Baffin region of Nunavut.

On behalf of Summit Air Baffin we would like to take this opportunity to express our strong support for the Baffinland Phase II project proposal. Since establishing our aviation partnership with Summit Air, Baffinland has demonstrated time and time again a desire to work with Inuit-owned entities such as Summit Air Baffin which create opportunity and prosperity for the region.

Sincerely,

---

Simon Merkosak, President  
Summit Air Baffin Ltd.
