For Immediate Release

2027 Baffinland Student Scholarship Program: Applications Now Open

Iqaluit, Nunavut | November 13, 2026 – Baffinland Iron Mines (Baffinland) is now accepting applications for its 2027 Student Scholarship Program. This year, we are opening the program earlier to help ensure recipients have their scholarship funds in time to support their educational expenses. The five, $5,000 scholarships are awarded annually to Inuit students enrolled under the Nunavut Agreement and pursuing a post-secondary education.

Baffinland remains committed to investing in Inuit education and skills development in the Baffin communities. It supports and encourages the pursuit of post-secondary education that helps build long-term career growth and success. Baffinland recognizes the importance of learning and development as pillars to the ongoing development of the Baffin communities and all of Nunavut.

For 2027, five scholarships, in the amount of $5,000 each, will be awarded to the top five applicants, with priority given to the following educational areas:

- Marine and Environmental Studies
- Geology and Engineering
- Health and Wellness
- Education and Management Studies
- Business Administration

Eligibility/Criteria
Open to Nunavut Inuit enrolled under the Nunavut Agreement. Priority will be given in the following order:

1. Inuit applicants from Arctic Bay, Clyde River, Igloolik, Pond Inlet and Sanirajak
2. Inuit from the Qikiqtani region
3. Inuit from the rest of Nunavut

How to Apply
Click here for the 2027 Student Scholarship Program Application form and Guidelines.

Application Deadline
The deadline for applications is **Monday, January 4, 2027**. If applications are received after this deadline, they will not be considered.

Baffinland Iron Mines Corporation is jointly owned by The Energy and Minerals Group and ArcelorMittal, and operates the Mary River high-grade iron ore mine located on Baffin Island, Nunavut, Canada. Nunavut's high-grade iron ore is among the richest iron ore deposits ever discovered.

The Mary River Mine produces the highest grade direct shipping iron ore in the world. What sets this operation apart from many others in that the iron ore is crushed and screened on site, and then shipped directly to markets – no concentrating or processing is needed, and as a result no tailings are produced.

Baffinland is committed to operating in an environmentally and socially responsible manner that benefits Inuit, Nunavummiut and all other stakeholders.
